Cast Steel Gauge Glass Assembly-20mm-Table-'J', Working Temperature- 224 Deg. Cen., Working Pressure- 24.6 kg/cm2.

Introduction: As an eminent manufacturer, exporter and supplier in this domain, we are offering a wide range of gauge glass assembly products to our clients. Our offered product is extensively used as a process control and indication device for measuring the level of water in tanks during industrial applications. With the help of ultra modern technology, Cast Steel Sleeve Packed Level Gauge is manufactured using premium quality components by our expert professionals with Automatic Shut Off Device in the water arm (RH or LH) Flanged ends as per BS-10 Table'J' and Test Pressure Body : 700 Psi g Max. B.O.P. 350 Psi g.

Features:

P.No.	Name of Part	Material	Specification
1	Plug	Carbon Steel	-
2	Gasket	C.A.F	-
3	Upper Arm	C.C.S.	ASTM A216 Gr. WCB
4	Cone	Rubber	-
5	Handle	M.I.	-
6	Glass Tube	Glass	(On Customer Scope)
7	Nut	Carbon Steel	-
8	Lower Arm	C.C.S.	ASTM A216 Gr. WCB
9	Ball	Stainless Steel	AISI 304
10	Sleeve	Moulded Asbestos	

11	Drain Value Body	C.C.S.	ASTM A216 Gr. WCB
12	Union Nut	Carbon Steel	-
13	Nipple	Stainless Steel	ASTM A276 TYPE 410
14	Stem	Stainless Steel	ASTM A276 TYPE 410
15	Nut	Carbon Steel	-
16	Bottom Nut	Carbon Steel	-

APPLICATIONS				
WATER	STEAM	GAS	OIL	AIR
				

Codes for Ordering:

1. Cast Steel Gauge Glass Assembly- **(SCS-GGA-20-24.6-01)**
